

**Job Title: Exterior Sealant/Coating Technician**

**FLSA Status: Non-Exempt**

**Reports To: Foreman**

**Location: Based in Grand Junction, CO**

**Summary:**

Busy specialty contractor searching for a reliable, motivated, and experienced full-time exterior sealant and coatings technician in support of residential and commercial caulking, sealant, damp proofing, fire proofing, and water proofing projects primarily on the western region of Colorado and eastern Utah.

**Essential Duties:**

- Install caulk into expansion, contraction, and control joints in interior and exterior masonry, carpentry door frames to masonry, windows to masonry, coping joints, concrete paving joints, saw cuts, EIFS and hard coat stucco joints utilizing bulk caulk gun and silicone, urethane, and acrylic-based sealants.
- Apply damp proofing, waterproofing, and/or fireproofing material to foundations and walls utilizing sprayer or brushes according to manufacturer directions and instruction of field foreman.
- Mix material when required utilizing a drill and mixing paddle according to manufacturer's directions.
- Clean tools using specific care and precautions.
- Organize and maintain cleanliness of yard/shop.
- Coordinate with coworkers ensuring all equipment, tools, and materials are gathered for the project at hand.
- Support and adhere to company policies and procedures.

**Required Knowledge, Skills, and Abilities:**

- Ability to take initiative and get tasks completed with supervision.
- Reliable (we have the work but need you to show up).
- Detail oriented and organized.
- Team player with positive and cooperative attitude.

**Education and Experience:**

- 6 months to 1 year of similar experience preferred but will train the right person.
- Valid Driver's License with clean driving record preferred but not required.
- Forklift certification helpful.

**Work Environment:**

Typically, Monday-Friday 7AM-4PM but can flex earlier or later depending on project needs each week. Based primarily out of ACES headquarters in Grand Junction, CO. but will require daily travel to jobsites throughout

western Colorado and occasionally to other areas. Transportation is usually provided from headquarters to jobsite via crew truck. Must be able to lift, push, pull, and carry up to 25lbs. Must be able to climb stairs and navigate from one level to another, work in uneven terrain and inclement weather. Employees are regularly exposed to toxic or caustic chemicals, fumes, and airborne particles (safety precautions and appropriate PPE supplied and required). This position also requires the employee to sometimes be in high places.

Occasional overnight travel is required. Accommodations and meals/incidentals are paid for by the company.

**Join Our Team:**

- Pay \$21-\$28/hour DOE
- Paid Time Off (PTO)
- Health Insurance Benefits
- 401K with Match

Apply in person at 2259 Logos Court Grand Junction, CO 81505 Monday through Friday 9AM-4PM
